RE: Transfer form for the Beryl 1 Mining Claim

Dear Mr. Jensen:

You represented Gemstone Mining, Inc. (GMI) in the 1/18/99 transfer of ownership of our Beryl 1 Mining Claim to GMI. At that time a transfer form similar to the enclosed should have been duly executed by GMI and returned to Tom Munson of the Utah Division of Oil, Gas & Mining. Sometime before 1/18/99 I had mailed Clint Christainsen of GMI a transfer form but evidently it was never completed. Tom Munson is now requesting a completed form before the end of June when permit fee statements will be mailed out.

I would appreciate if you see that the enclosed form is completed and returned to Tom Munson at the address on the form. I would also appreciate a copy of the completed form for my own records. Thank you.

Sincerely,

Mike Sprunger

Enclosure  
cc: Tom Munson
